

Documentation

[Objective-C Runtime](#) / [NSObject](#) / accessibilityDropPointDescriptors

Instance Property

accessibilityDropPointDescriptors

An array of location descriptor objects that you use to define where drops are possible on this element.

iOS 11.0+ | iPadOS 11.0+ | Mac Catalyst 13.1+ | visionOS 1.0+

`@MainActor`

```
var accessibilityDropPointDescriptors: [UIAccessibilityLocationDescriptor]
```

Discussion

To restore the default automatic behavior for this property, assign or return the default value of `nil`.

Note

A value of `nil` does not describe the same behavior as the empty array, which specifies that there are no relevant interactions for this element.
